**Notification Mechanisms**

Please initiate case notification within 24 hours of diagnosis

Notifications should be directed to the local Public Health Unit.

Doctors and hospital chief executive officers (or their delegate) should provide information specified in the Doctor/Hospital Notification form, either by telephone or in writing.

AIDS is reported on the AIDS Notification form.

In order to protect patient confidentiality, notifications must not be made by facsimile machine except in exceptional circumstances and when confidentiality is ensured.

All notifications are strictly confidential

Infectious diseases notification forms are available from your local Public Health Unit and can be found at: www.health.nsw.gov.au/infect/notify.html
