CONJOINT APPOINTMENTS - UNIVERSITIES/TEACHING HOSPITALS

5
The Department has completed the review of Conjoint Appointments between the Universities of Sydney, New South Wales and Newcastle and the teaching hospitals attached to them. The following policy will apply forthwith to all future conjoint appointments.

1. The system of conjoint appointments between the three universities, namely Sydney, N.S.W. and Newcastle, and the teaching hospitals attached to them, be continued.
2. The conditions of appointment continue to be those uniform policy conditions adopted by the then Health Commission in 1970, namely:
 - ¶ a) Appointees to be employed by the hospital on the salary and conditions of full time Staff Specialists.
 - ¶ b) Selection is to be made by a joint hospital/university selection committee.
 - ¶ c) The university to decide the appropriate title and the level of any additional enrolment.
 - ¶ d) Where appointee's university duties exceed a minimal level, e.g., 3-4 hours per week, the university is to contribute an appropriate amount towards the salary of the appointee.
3. Where existing staff specialist positions are to be utilised for conjoint appointments approval may be granted by the Area Board of the Area involved provided that the guidelines set out above are adhered to.
4. Where it is proposed to utilise new staff specialist positions which are intended to be advertised as conjoint appointments, then approval must be sought from the Secretary of the Department prior to any action being taken.

14/7/88

Michael Rosser,
Secretary.
