

NSW ADOLESCENT VACCINATION PROGRAM

Hepatitis B Vaccinations for Year 7 students

1

Dear Parent

As part of the NSW Adolescent Vaccination Program, your child received the first dose of a course of hepatitis B vaccine earlier this year.

Your child was absent or unwell on the day of the second clinic held at your school and has not received the second dose of hepatitis B vaccine.

To complete the course, you should take your child to your local Doctor to receive a further two doses of free hepatitis B vaccine.

NSW ADOLESCENT VACCINATION PROGRAM

Hepatitis B Vaccinations for Year 7 students

0

Dear Parent

As part of the NSW Adolescent Vaccination Program, your child was eligible for the first dose of a course of hepatitis B vaccine earlier this year. However, your child was absent or unwell on the day of the first clinic held at your school.

For this reason your child has not received the second dose of hepatitis B vaccine at the school clinic.

You should take your child to your local Doctor to receive a course of three doses of free hepatitis B vaccine over a six-month period.
