

ComPacks Referral Checklist

for Local Health Network & Hospital staff

1

Confirm the patient is eligible for ComPacks – i.e. needs a coordinated package of non clinical care in order to be safely transferred home?

Confirm transfer home date, time and destination

2

Confirm the patient understands the components of the service and consents to a referral to ComPacks?

Ensure the patient understands that there may be a cost for the service.

3

Contact the patient's local ComPacks Providers*

Discuss the patient's **needs** and **eligibility** and confirm ComPacks **availability** with the Service Provider

*Note ComPacks are not always available in all areas of NSW

Make referral to ComPacks Provider using the ONI form
