

Website Address for ComPacks information Management System (CiMS)

To access the CiMS, go to the following web address:
<https://www.webapp.health.nsw.gov.au/Security/LogOn>

Accessing Reports

After login to CiMS, you can access reports on the “Reports” & “Chart” TABs. Placing your cursor on these two TABs will provide a list of reports that you can access within that TAB.

The list of reports currently includes: LHD Provider Activity, Activity costing (excl GST), Band Distribution and Assessment only reports.

Downloading Reports

This report can be downloaded into two formats: PDF and Microsoft word document, or printed as webpage screen.

For both LHDs and contracted Service Providers, reports default to your own organisation’s activity.
