

Keep emergency departments for emergencies

Patients will be seen according to the clinical urgency of their condition.

Please speak to staff if your condition gets worse or if you decide to leave before receiving or completing your treatment.

Other care options are available for people needing **non-life-threatening** medical care or advice.

healthdirect

Feeling unwell, can't get an appointment with your local GP, and unsure what to do next?

- Call healthdirect free on **1800 022 222**
- Visit **healthdirect.gov.au**
