

## COVID safety in playgrounds and water parks

If unwell, get tested immediately and stay home.

**Masks are not recommended for children playing in the water park.**

Adults who are not getting wet should consider wearing masks if it is likely they will be talking to other people.

If you need to cough or sneeze, **cover your nose and mouth.**

If you use a tissue, **put it in the bin immediately and please wash your hands.**

**Wash your hands regularly.**

Children should clean their hands before and after using the playground or water park.

Adults should maintain **1.5m from people** from different households.

**If the park is crowded, come back at another time.**

Playground and water park equipment **is not being cleaned or disinfected**

**Practise sun safety** – slip, slop, slap and seek shade
