

Do you need COVID-19 testing for travel clearance?

COVID-19 testing and result certificates for travel clearance are provided by private pathology clinics.

Find your nearest private pathology provider by scanning this QR code and filtering 'service provider' by 'private'

Please check before you visit the clinic:

- if a booking or GP referral is required
- if the clinic tests all ages
- the requirements of your airline and country of destination, including the test cut-off time

Charges may apply for COVID-19 testing services for travel.
