Evidence shows that vaccines are safe and effective against COVID-19.

“COVID-19 is serious. I got vaccinated to make sure that I am safe to be around the people I love.”

Blake Tatafu, Director of Kimberwalli
Know the facts about COVID-19 vaccines

- Being vaccinated will help stop our mob getting really sick.
- Vaccines have been through a lot of safety testing and are effective against COVID-19.
- Vaccines will not give you COVID-19 or change your DNA.
- Benefits for you and your mob far outweigh the risk of rare side effects.
- Yarn with your health professional if you have questions about the vaccine.
