Evidence shows that vaccines are safe and effective against COVID-19.

“I got vaccinated for my family, because my family and their health are important.”

Phil Dotti, Aboriginal Senior Caseworker, Department of Communities and Justice
Know the facts about COVID-19 vaccines

- Being vaccinated will help stop our mob getting really sick.
- Vaccines have been through a lot of safety testing and are effective against COVID-19.
- Vaccines will not give you COVID-19 or change your DNA.
- Benefits for you and your mob far outweigh the risk of rare side effects.
- Yarn with your health professional if you have questions about the vaccine.
