Evidence shows that vaccines are safe and effective against COVID-19.

“I got the jab to protect my mob and our vulnerable communities.”

Tony Martin, Director of Aboriginal Health, Hunter New England Local Health District
Want to know more about COVID-19 vaccines?

Scan this QR code with your smartphone to know the facts.

- Being vaccinated will help stop our mob getting really sick.
- Vaccines have been through a lot of safety testing and are effective against COVID-19.
- Vaccines will not give you COVID-19 or change your DNA.
- Benefits for you and your mob far outweigh the risk of rare side effects.
- Yarn with your health professional if you have questions about the vaccine.
