

COVID-19

Help us Protect our Patients, Visitors and Staff

- Patients in this Ward are at particular risk from COVID-19.
- If you have any COVID-19 symptoms (like a fever, cough, sore/scratchy throat, shortness of breath, loss of smell or taste), please delay your visit until you are feeling better and get tested immediately.
- Please notify a staff member as soon as you arrive and put on a face mask.
- Please also use the alcohol based hand rubs provided to clean your hands when you enter and leave.
