The NSW public hospital system wants to ensure all patients have timely access to health care and are admitted to hospital according to their clinical need.

The Surgery Access Line has been established to:

- provide you with an independent information service regarding booked admissions to NSW public hospitals.
- enquire on your behalf and investigate surgery options that are available for you.

For confidential information and advice about waiting times for hospital admissions for your elective surgery please call 1800 053 456 (free-call) Monday to Friday during business hours.
