Surgery Access Line

1800 053 456

The NSW public hospital system wants to ensure all patients have timely access to health care and are admitted to hospital according to their clinical need.

The Surgery Access Line has been established to:

- provide you with an independent information service regarding booked admissions to NSW public hospitals.
- enquire on your behalf and investigate surgery options that are available for you.

The Surgery Access Line staff will be able to provide you with information regarding your current waiting time and will investigate options for earlier treatment either at your local hospital or another hospital with another surgeon.

For confidential information and advice about waiting times for hospital admissions for your elective surgery please call 1800 053 456 (free-call) Monday to Friday during business hours.

For more information about waiting times visit the NSW Health website at:

www.health.nsw.gov.au
