Physical or Chemical Characteristic(s) Exceed a Guideline Value

---

**YES**
Could there be an acute health effect?

---

**NO**
Investigate treatment process and possible sources of contamination. Consult local PHU and DEUS regional inspector. **AND**
Resample at same site upon advice from the local PHU.

---

Could there be an acute health effect?

---

**YES**
Resume normal sampling

---

**NO**
Use available data to assess risk.

---

Does the risk assessment indicate an ongoing risk?

---

**NO**
Resume normal sampling

---

**YES**
Consult with local PHU and DEUS regional inspector regarding rectification, alternative supply, and/or warning. PHU will consult with the Water Unit.
