Please specify the treatment/care provided (e.g. antibiotics, adrenaline, advice, counselling, etc):	

Privacy statement

Health Professionals reporting on behalf of a patient should provide the patient with a copy of this privacy statement.

For general privacy information, go to [Privacy](#).

The Therapeutic Goods Administration (the TGA) is part of the Department of Health. The TGA can be contacted by phone on 1800 020 653, by email at info@tga.gov.au, or by post at PO Box 100, Woden ACT 2606, Australia.

Information in this report is collected to assist in the post market monitoring of the safety of therapeutic goods under the *Therapeutic Goods Act 1989* (the Act). All reports of AEFIs are assessed and entered into the TGA's Australian Adverse Drugs Reactions System (the ADRS).

The TGA collects personal information relating to adverse events following immunisation (AEFIs). At times, this information is collected from someone other than the individual to whom the personal information relates. This can occur when AEFIs are reported to a person or an entity other than the TGA (such as a health professional), and that person or entity passes the information on to the TGA (either directly or through a State or Territory health agency).

Collection of personal information from sponsors of therapeutic goods is required or authorised under Chapter 3 of the Act.

Personal information about patients is collected and used to:

- Assess the safety of vaccines under the Act.
- Contact the reporter (if additional information is needed to evaluate the reported adverse events).
- Check that the same information has not been received multiple times for the same adverse event.
- Contact representatives of entities that supply therapeutic goods, to discuss reported adverse events.

Personal information collected in this report may be disclosed by consent or where the disclosure is required by, or authorised under, a law (for example, under section 61 of the Act). For reports related to vaccine events, personal information about the reporter or the patient may be disclosed to State and Territory health agencies under subsection 61(3) of the Act.
