# 2014 AMHWWF Forum Overview

## Theme: Valuing the Aboriginal Workforce

5-6 March 2014  
Opal Cove Resort  
Coffs Harbour, NSW

### Objectives of Forum

The NSW Aboriginal Mental Health and Wellbeing Workforce Forum brings the NSW Aboriginal Mental Health and Social and Emotional Wellbeing Workforce, both government and community controlled, together to:

- network and discuss mental health and social & emotional wellbeing matters, including relevant policy and program developments
- undertake and contribute to our professional development
- receive and provide peer support with like-minded professionals
- share stories about successful initiatives and learn how they were implemented
- highlight effective partnerships at the community level
- contribute to service development in order to improve the mental health and social and emotional wellbeing of Aboriginal people in NSW, and
- provide feedback to assist in planning future forums.

### Partnership with AH&MRC

Participants were advised that this forum is a partnership between Mid North Coast Local Health District (MNCLHD) and the Aboriginal Health & Medical Research Council of NSW Social and Emotional Wellbeing Workforce Support Unit (AH&MRC WSU).

The AH&MRC WSU ran a staff development workshop on 4 March, which was open only to Commonwealth funded SEWB workers. A separate registration form was to be completed by those workers for the 4 March event.

# Summary of Statistics

## Registration March 5-6

Registrations received	293
Registrations at Forum	229
Aboriginal Identified registrations attended	147
Percentage of Aboriginal Identified persons in attendance	64%
Registration cancellations received	19
Exhibitors	4
AH&MRC Registrations	92

### Registration

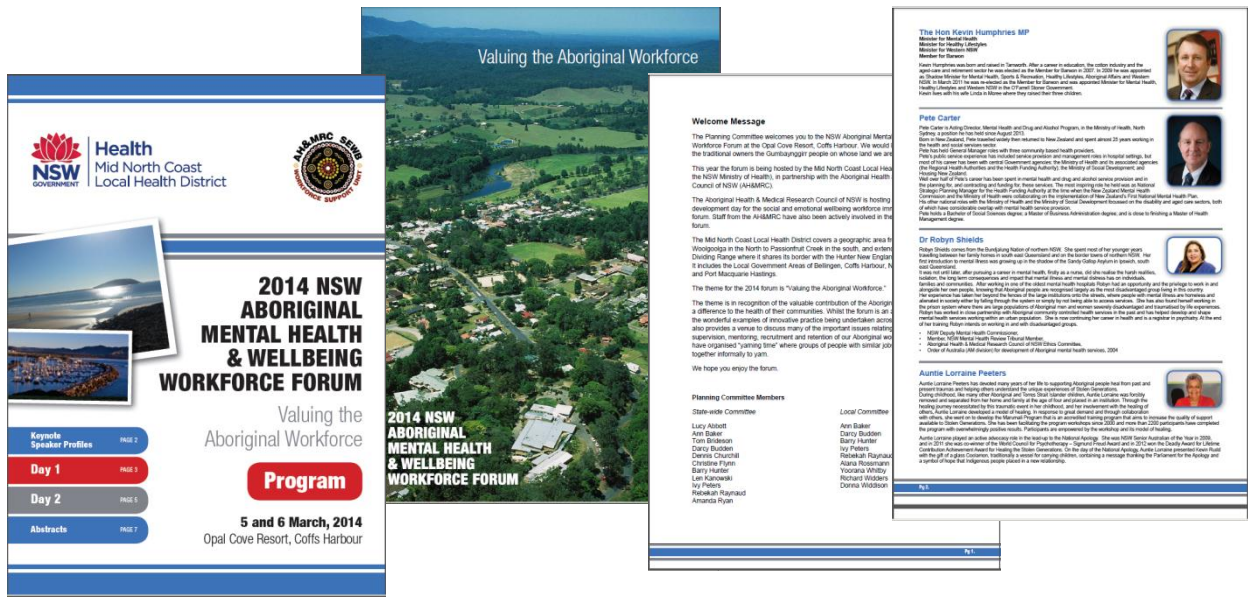

Registration was FREE for participants and presenters. NSW Health participants were required to meet their own travel and accommodation costs.

### Accommodation

Opal Cove Resort accommodation was fully booked out for the Forum, including all resort rooms, villas and units. Commonwealth funded SEWB were able to be accommodated at Opal Cove Resort. Many participants were required to find accommodation elsewhere.

# Program

The flyer for the 2014 NSW Aboriginal Mental Health & Wellbeing Workforce Forum features a central image of a coastal landscape with the text "Valuing the Aboriginal Workforce". It includes logos for NSW Health, Mid North Coast Local Health District, and ANHMRC. The program title is prominently displayed, along with the dates "5 and 6 March, 2014" at Opal Cove Resort, Coffs Harbour. A "Welcome Message" section is visible, along with a list of planning committee members and a list of speakers including the Hon Kevin Humphries MP, Peter Carter, and Dr Robyn Shields. A table of contents at the bottom lists various sessions and their times.

## WEDNESDAY 5 March 2014

8:00am	Registration in the Ocean View Foyer
--------	--------------------------------------

### SESSION ONE

Ballroom	
M.C.	Lynn Lelean
8:50am	<b>Forum Preview</b> Barry Hunter, Forum Convenor
9:00am	<b>Welcome to Country</b> Mr Barry Hoskins
9:10am	<b>Us Mob Dance Group</b>
9:25am	<b>Welcome to Mid North Coast Local Health District</b> Warren Grimshaw AM, Chair MNCLHD Governing Board
9:35am	<b>Opening Address</b> The Hon Kevin Humphries MP, Minister for Mental Health, Minister for Healthy Lifestyles, Minister for Western NSW
10:20	Morning Tea

### SESSION TWO

Ballroom	
M.C.	Lynn Lelean
11:10	<b>Keynote Address</b> Aunty Lorraine Peters, Managing Director Marumali Program
11:55am	<b>Keynote Address</b> Dr Robyn Shields, NSW Deputy Mental Health Commissioner
12:20pm	<b>Getting with the program! Skilling up the Aboriginal workforce in the use of e-wellbeing apps and online technologies.</b> Liz Lewis, Assoc Prof James Bennett-Levy
1:10pm	Lunch

### SESSION THREE

	Osprey Room	Currawong Room	Shearwater Room
Chair	Donna Stanley	Kristie Harrison	Gay Foster

What might get in the way and what helps.</i> Toni Manton, Lawrence Dadd, Stacey McMullen, Cyriac Matthew
12:00pm	<i>Supporting the Workforce</i> Lucy Abbott, Terry Smith
12:30	Lunch

## SESSION SEVEN

Ballroom	
Chair	Lynn Lelean
1:45pm	<b>Forum Overview</b> Tom Brideson, Ann Baker
2:00pm	<b>Discussion &amp; Questions</b> Peter Carter, A/Director NSW Mental Health and Drug & Alcohol Office
2:20pm	<b>Evaluation</b> Barry Hunter
2:30pm	<b>Aboriginal Culture</b> Dhinawan
2:45pm	Afternoon Tea

## Exhibitors

- Rural Adversity Mental Health Program (RHAMP)
- Your Health Link (MNCLHD)
- E-wellbeing apps and online technologies (Prof James Bennett-Levy)
- Tackling Smoking, Healthy Lifestyle (Galambila Aboriginal Health Service)

The Your Health Link display table with Carolyn Guichard (right) and Joanne Lia

## Evaluation

With a total of 228 registrations at the Forum, 77 evaluation forms were returned of which the following information was obtained.

### Forum Score Ratings

On a scale of 1 to 5, **1 being very poorly and 5 being very well**, please circle to indicate how well the forum provided you with the opportunity to:

Indication of how well the forum provided you with the opportunity to:	Scale responses, 1 being very poorly and 5 being very well					
	1	2	3	4	5	Nil
1) Network with colleagues	0%	2.7%	5.41%	21.62%	70.27%	0%
2) Discuss mental health and social & emotional wellbeing policy and program developments	0%	2.7%	8.11%	67.57%	18.92%	2.7%
3) Enhance your professional development	0%	2.7%	8.11%	59.46%	29.73%	0%
4) Hear about successful initiatives and learn how they were implemented	0%	0%	0%	46%	29.7%	0%

6) Contribute to service development	0%	2.7%	24.32%	48.65%	24.32%	0%

## Q1. Highlight of the Forum

Responses to, “**What was the highlight of the Forum for you?**”

### **Presentations / Keynote Speakers**

- Aunty Lorraine Peeters
- Kinchela Boys Home Healing Centre
- WEAVE Project
- Waminda’s Dead, or Deadly Program
- Traditional Circles in Practice
- Dr Robyn Shields
- Marsat Ketchell
- Personal stories from presenters and keynote speakers, particularly Aunty Lorraine Peeters, Noleen Hoskins, Dr Robyn Shields, NEAMI National Aboriginal Linkages Program
- Hearing about a wonderful range of community programs
- Learning about a range of innovative programs`

### **Networking**

- Great networking opportunity
- Getting to meet other Aboriginal Workers
- Due to me being a new-comer to working in these areas the networking opportunities
- Meeting people face-to-face who I have been on teleconferences & emailing for a year. First forum for me
- Networking & small group sessions
- Meeting new people (mob) & yarning & listening to people's stories
- Hearing people’s stories & different experiences
- Networking with other sides
- Networking with other trainees
- Meeting the Aboriginal Community MH trainees – inspiring

### **General**

- Overall it was very informative
- My first forum. The highlight for me was everything

## Q2. Something learnt that will be useful in your work

Responses to, “**Write a sentence about something you have learned that will be useful in your work?**”

### General

- All useful, thank you
- Too many to write down
- Increase in traineeships to grow and empower workforce which will increase our opportunity to work effectively

### Informative

- Research information/models of research & procedures relating to Aboriginal people
- Everything I have learnt at the forum can be used in my workplace in one way or another
- The number of positive programs out there based on working from a relationship perspective
- The forum has given me greater understanding and perspective on Aboriginal MHSEWB to inform my policy work
- Understand better the need to build support mechanisms for isolated Aboriginal MH Trainees
- Aunty Lorraine Peeters' Marumali Program
- e-Wellbeing apps
- Learning about the way people do things & the programs I may be able to adapt my own & to share with colleagues what is going on in the sector
- Emphasised importance of healing work throughout NSW & ensuring it is highlighted
- Innovative programs

### Inspiration

- Never ever give up, continue to evolve, gain qualifications and keep moving forward
- How "the mob" are getting a voice and developing skills. Nigel was inspiring - I hope to get more staff to go back to school
- Going back to what I know spiritually first
- 'Small steps' lead to 'huge leaps'
- The quality programs working in communities such as 'Bush Circle'

### Networking / Partnerships

- Taking time to listen to people about their ideas
- Networks is the main thing that will be most useful to my work, the ability to call for advice around issues
- Networking with what is taking place across the area
- I have learned how partnerships are vital for our people's health
- Connections made in different areas to help my clients & their families
- There's a lot of good indigenous services there that I can link with
- Learning & knowing about other services out there to help our mob. Taking it back & using it with my clients.

### Q3. Suggestions for improving the next Forum

#### Responses to, “Please provide any suggestions for improving the next Forum”

##### General/Venue

- The location was great and having the venue and accommodation in the one spot facilitated maximum attendance at forum sessions as well as lots of networking
- Forum was very informative
- Possible more seating around the tea rooms for more opportunity to sit and yarn
- Excellent – keep the venue
- Keep venues away from town centres. This one worked well because of location – everyone had to stay together
- Lovely venue and accommodation
- Seems best venue yet however filled very quickly and had to stay off-site
- Seating, tables, having everyone together for the dinner
- Dinner to be more organised
- Seating setup should include tables

##### Activities

- Provide an activity that could get the whole group moving – break the sitting & listening cycle which could assist us with taking on more of the information
- More structured activities
- Balloon type activity on first day would be great
- The days were long and perhaps could benefit from being broken up with different activities – games, drawing, exercise

##### Program

- Program details out earlier
- More information on the presentations in the program to help choose which sessions to attend
- Longer timeframes for individual workshops
- Five minutes between each presentation so you don't miss any of the speakers
- Half hour too short for questions and room changes. More proportion of time needed where models are being showcased
- AH&MRC first day was fantastic but many of us were exhausted therefore struggled with first day of Forum. Otherwise couldn't improve on site and events
- Make sure keynote speakers are available for questions and discussion to use their time slot fully. There was good chairing in every session – this is great
- Time for workers without management to discuss issues
- Take the opportunity to run the event for a longer period of time to include formal training
- Writing paper for participants; tables to assist writing; time between sessions to move from room to room; more structured networking time/activities
- Too many presenters at once – missed out on a lot
- Disappointing when two very popular workshops scheduled at the same time so you have to miss one
- Opportunity to see all workshops. Was unable to attend some because of timetable.

- Not to have so many workshops on at once
- Breaks not as long; not being able to hear all the presentations
- Opportunity for DVD's to be played out of session so people can see them in full
- Chairs – enforce times
- Would be good to start with an icebreaker and end with a debrief/relaxing activity
- Entertainment – a band

Program Content

- Perhaps sessions of issues relating to managing / being part of a team within NSW Health services / organisation context
- It would be great to run ATSI Mental Health Conference around the early years
- Involvement of local elders was greatly valued and could have been greater; more elders speaking
- More AMS inclusion
- Panel discussions with Minister and Elders
- Need more stories from teenage youth; their struggles and how we can help
- More involvement for trainees ie more trainee-specific forums

The image shows three overlapping documents:

- Top Document:** '2014 Forum Evaluation' form. It includes the NSW Government and Health Mid North Coast Local Health District logos. It has a 'NOTES' tab and a feedback scale with questions like 'Your evaluation and feedback to help plan future Forums. Being very well, please circle to indicate how well the...'. The scale has columns for [4] and [5].
- Middle Document:** A 'Thank you for attending the 2014 NSW Aboriginal Mental Health & Wellbeing Workforce Forum' card. It features the NSW Government logo and the Health Mid North Coast Local Health District logo.
- Bottom Document:** A circular logo for the 'AM&MRC SENIB WORKFORCE SUPPORT UNIT'.

## Committee Evaluation

**With regard to the committee processes please tell us:**

### **1) What was useful / good?**

- Having a dedicated person as organiser/coordinator – that worked very well
- Regular meetings – assisted communication & planning; overall good sense of preparation which assisted how the Forum progressed
- Clear process
- Information / pro formas etc from previous Forums
- Commitment of committee members to input regularly and provide advice
- Working together and sharing the load
- Good involvement from committee members and sharing of tasks
- Having a local sub-committee as well as the state committee to oversee things
- Venue – one place for all activities
- Aboriginal people stepping up to Chair sessions

### **2) What was not useful?**

- Tight time frame for Committee responses toward the end as we drew closer to the event e.g. with finalising program. However that often happens
- Holiday season interruptions to flow of planning work and creates false sense of time available
- Limited use of Committee during the event
- Limited allocation of specific tasks for the Committee
- Not enough time spent prior to the event planning for the actual event

### **3) What requires improvement?**

- Planning time and Committee meetings to commence sooner in the process
- Forum Program – consider making available earlier even if in draft format
- Clearer processes for managing the event and tasks
- Planning, clear documentation of process and tasks
- Reduce bottleneck of work by locking in indicative time lines working backwards from the Forum date so that all predictable items do not become part of the bottleneck of work. Allows last week to tidy up loose ends and allows for unexpected issues that emerge
- Opportunity for all committee members to enjoy the forum as much as any other participant – of course allowing for added responsibilities.
- Registration desk process to be streamlined
- More time allocated to preparing forum bags and name tags
- More information stalls
- Delegation

#### **4) How do we make improvements?**

- Include more detail and tasks in the forum documents
- 'Nail all tasks to the ground' – ensure each task is discussed and that all committee members can feel comfortable all matters are taken care of
- Allocate tasks to Committee members prior to the event
- Trouble shooting unexpected things ie long break on day one, although unavoidable, plan what to do if it happened again.
- Have a Committee meeting day on-site prior to the event in order that any untimely or delayed issues are 'ironed out'.
- More time for Committee members to get together for updates and day-to-day planning during the event
- Commitment from all Committee members to assist the local organisers wherever and however possible rather than leaving it all up to the local team
- Share the workload

#### **5) With regard to the Forum please tell us: Were there any issues that emerged at the Forum and if so, how could they be resolved?**

- Not enough detail about the presentations and presenters in the program made it hard to choose which session to attend
- Debriefing time for participants and presenters, as some presentations were very touching and emotional (eg Kinchela Boys Home)
- As a committee member I didn't get to see presentations I wanted to learn about as I was working
- Registration desk – clarity to assist future Forums. Tasks need to be understood and articulated regarding who should sit on the desk and when; how to minimise congestion at the registration desk
- Complaints also about the "haves and have nots". That is – the AH&MRC group receiving T-Shirts and the NSW Health mob not receiving anything. Reports from some people indicate it is setting up opposing workforces when we are trying to bring people together. Possible solution- Provide funding for the NSW Health mob to get T-Shirts.
- Several attendees reported to me that the cost of drinks and food at the restaurant were excessive, especially where they had family members along to accompany them for child-minding, support etc. Perhaps consider alternative sites that are more affordable or closer to alternative eating places.

#### **6) Any further comments or suggestions?**

- It was a great forum. Very well organised.
- Overall the forum was great and successful.
- Had a great time in a great venue with great people – well done and thanks for the time to reflect on it all and to provide comment. Thought the Committees worked well.
- Many trainees were seen as not participating; not turning up or leaving early.
- Participants in foyer area, not in sessions or main room.
- Reiterate that forum presentations not be used for consulting with the workforce.

# Recommendations

## Overall

- Ministry of Health to continue to financially support the Forum, to be held annually
- Continue to have an LHD host and convenor, rotating each year to share responsibility
- Continue the partnership between the Ministry of Health MHDAO, the local LHD and the AH&MRC
- LHDs/SHN should prioritise and financially support the involvement of Aboriginal Trainees in the forum

## Program

- Activities scheduled to break-up repetitive sitting in presentations
- Networking activity on first afternoon or incorporate yarning time for different networks into the program
- Five minute gap between sessions
- Content – more information on presenters to help choose which session to attend
- Content – more youth and Elders
- Avoid the use of the Forum as a consultation opportunity, unless this is an adjunct to a formal consultation process in accordance with agreed policy and protocols

## Photos/Media

- Media contact – have a dedicated media spokesperson/s nominated in advance
- Photos - Incorporate permission/consent into registration
- Photos – Program activity for photo sessions including group photo
- Announce when photos are to be taken

## Venue

- Ideally venue where accommodation and conference facilities are in one location – maximises attendance and networking
- Venue located away from town centre helps everyone stay together
- Plenty of seating around tea and coffee areas for comfortable networking

## Committee

- At least one committee meeting on-site prior to Forum
- Clear definition of roles
- Structured delegation of specific tasks
- Clear documentation including planning schedule/timeline, working back from event date, with leeway for contingencies in the last two weeks
- Timeline to take into account holiday season with allowance for staff leave; not only planning committee staff but also staff whom may be providing abstracts
- Program issued to presenters and participants about eight weeks prior to event, even if in draft format

## Certificates of Attendance

- Prior to the event offer certificates of attendance upon request - can be given to participants at the Forum, subject to a method of verifying their actual attendance. Note that they do not contribute any points towards Professional Development.

# Forum Overview Slideshow

Slides from Forum Overview created and presented by Tom Brideson and Ann Baker:

## Forum Overview/Summary

NSW Aboriginal Mental Health and Wellbeing Workers Forum, 2014

Ann Baker – AH&MRC  
Tom Brideson – MoH

## Hon Minister Kevin Humphries

- Opportunities
- Education as a vehicle
- The important work we do

it to the broad Aboriginal cross the many services

## Auntie Lorraine

- Going backwards before going forward (experiments and policies like child removal)
- Stolen Generation healing
- We need to “Feel to Heal”
- Trauma informed care (culturally informed context)
- BTH Report 16 years and still waiting for full implementation
- Knowledge and skills of all professions about Stolen Generation issues
- Challenged us to revisit the BTH Report and ask ourselves what are we doing?
- Sharing stories when safe to do so

## Dr Robyn Shields

- NSW Government Commitment to improve Aboriginal Health
- Many Journeys of career and life
- Falling into Mental Health
- Models of service delivery – multiple
- Very early days of Aboriginal Mental Health training
- The road to nursing/medicine/psychiatry Highlights/challenges – isolation and rewards
- Our workforce is our biggest asset and we need to value and invest
- Many Firsts – cracking the artificial barriers
- NAHS, RCIADIC, Aboriginal MH Policies, etc etc etc

## Overall Program

- Capacity of our workforce (demands etc)
- Support for our workforce (Supervision, Mentoring, Leadership)
- Education for our workforce (dominos, natural flow on value)
- Responsibilities of Services to our Workforce (Services, Professions) skills based approaches instead of race based approaches
- We (our workforce) valuing (we are individuals families communities)
- Workforce relationships, supportive relationships, Genuine, honest partnerships

## Overall Program

- **Planning for growth of the workforce**
- **Valuing the old and the new equally**
- **Supporting effective approaches to supervision, mentoring for early career people and continuing careers**

## Game changer approaches

- **Aboriginal Workforce Support Unit**
- **Aboriginal Mental Health Workforce Program versus time limited approaches**
- **Capacity building for Aboriginal people embed with any other service approach**
- **Specific initiatives and aligned initiatives with program roll outs (ie what components of mainstream initiatives relate to Aboriginal people) should be a standard approach**
- **Grief and Loss training for the workforce**
- **IT value may be worth exploring**

## Issues

- **Aeroplanes not just pilots**
- **Building our evidence (practice vs best)**
- **Why are we losing Trainees, how to keep them, what supports, career pathways etc**
- **Award issues relevant to the role and function of Graduates**
- **Life span approaches**
- **Connecting young and old**
- **Consumer journeys and stories where safe to do so**

## Key messages

- **SEWB includes MH and D&A**
- **We have survived - resilience**
- **Aboriginal lead responses**
- **Build on successes and learn from difficulties**
- **Healing needs to occur for all**
- **Be what we want to be**
- **We have said it before, time to step it up and take it to a new level**
- **Everyone is responsible, not just us**

## Appreciation

- **Barry, Rebekah and the local Committee**
- **What a great Forum**
- **What a great audience**
- **What a great Workforce**
