

What consumers
say about NSW
Mental Health
Services

Your Experience of Service

2023-2024

*Summary reports for
Local Health Districts
and Specialty Health Networks*

Acknowledgements

NSW Health acknowledges the Traditional Owners of Country throughout Australia and their continuing connection to land, waters and community. We pay our respects to their Cultures, Country, and Elders past and present. We commit to building a brighter future together.

We recognise and value the experience-based knowledge of people who have lived and living experience of mental health difficulties or suicide, and the people who care for them. We are thankful to the many consumers who completed a YES survey.

We gratefully acknowledge the support and expertise of members of the YES and CES advisory committee and colleagues at BEING, the NSW Ministry of Health's Mental Health Branch, Patient Experience Team/System Purchasing Branch, and the Bureau of Health Information. We are also grateful to the BEING and NSW Health staff who continue to work together to improve services using YES feedback

Introduction to the supplement

This is a supplement to the report *Your Experience of Service 2023–2024: What consumers say about NSW Mental Health Services*.

The supplement provides detailed reports for each Local Health District (LHD) and Speciality Health Network (SHN), as well as detailed technical information on the Your Experience of Service (YES) questionnaire.

The structure of the questionnaire

The YES questionnaire gathers information from consumers about their experience of care. It includes 32 multiple choice questions, two free-text questions and seven demographic questions.

YES questions are grouped into six domains

The YES questions have been grouped into domains based on statistical analysis. These domains have been named through a national consumer consultation process.

Showing respect: the service provides the individual consumer with a welcoming environment where they are recognised, valued and treated with dignity.

Ensuring safety and fairness: the service provides individuals with a physically and emotionally safe environment and treats them reasonably and fairly.

Valuing individuality: the service meets the individual's needs, including sensitivity to culture, gender, personal values and beliefs.

Supporting active participation: the service provides opportunities for engagement, choice and involvement in the person's own care and support.

Providing information and support: the service provides resources such as written information, a care plan and access to peer support.

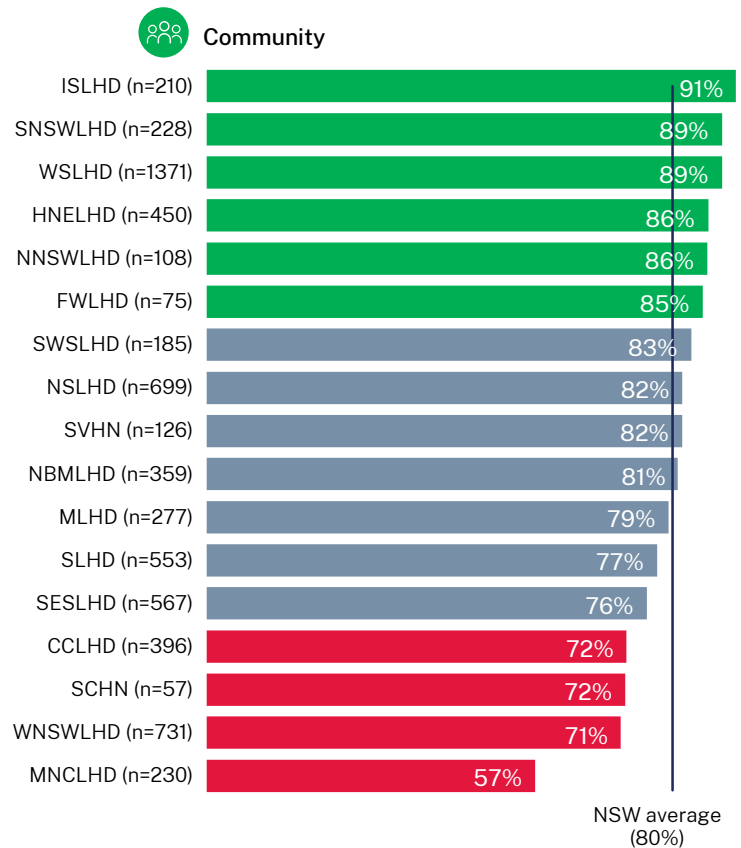

Making a difference/impact: the service makes a difference to the individual's social and emotional well-being and physical health.

For more information on which questions relate to each domain, please see Appendix 4.

LHD/SHN summary

Overall experience scores

Results for the Justice Health and Forensic Mental Health Network are not displayed here. Caution is needed when comparing results for this network to other LHDs and SHNs. Overall, people report less positive experiences in hospital and when receiving involuntary care. All consumers in the Forensic Hospital and Long Bay Hospital are receiving involuntary care, and a large proportion of community responses are from people receiving outreach care in a correctional setting. The JH&FHMN results are shown on page 16 of this report.

Interpreting the LHD/SHN summaries

These summary reports show the percentage of consumers who reported an excellent or very good experience overall. This measure is used to compare LHDs/SHNs and to define targets.

Targets have been set separately for domains using different question types. For more information about how these targets have been calculated, please see Appendix 2.

Here is how to read these reports:

Average results for whole LHD/SHN, showing the percentage of people reporting an excellent or very good score overall and in each domain.

Hospital and community team averages are compared separately. Separate performance targets are defined for different settings (hospital or community) and domains.

Overall experience for key groups (% with Experience Index excellent or very good)

Returns and results for individual services in the LHD/SHN. These are either hospital wards or community teams (labelled as H and C respectively in the 'Setting' column).

Setting	Returns	% excellent or very good	Respect	Safety & fairness	Individuality	Participation	Info & support	Impact

On all charts the colour shows whether the percentage is
 ● Better than target
 ● Just below target
 ● Below target

Please note that separate targets are used for different domains. See Appendix 2 for more information.

Percentages have been rounded for display. This means that colours and numbers may appear not to match. The colour reflects the true performance against the target.

The summaries show results for individual community teams and hospital units within each LHD/SHN where at least 30 valid YES questionnaires were returned. More detailed data for all teams and units is also provided quarterly to LHDs/SHNs for local Action and Change activities.

This supplement also includes data on representativeness, the experience of Aboriginal and Torres Strait Islander consumers, and experiences across different age groups.

How representative are the YES returns?

The yellow circles show the proportion of YES questionnaires completed by different groups.

The blue circles show which groups of consumers accessed services in the LHD/SHN.

Information on physical health (HeAL)

The graphs below show the percentage of people who recall being given information about physical health and how this compares to the NSW average.

This graph shows the percentage of people who recalled receiving information about physical health. The yellow circles show the LHD/SHN percentage and the blue circles show the NSW average.

Your Experience of Service

Service code:

Your feedback is important. This questionnaire was developed with mental health consumers. It is based on the Recovery Principles of the Australian National Standards for Mental Health Services. It aims to help mental health services and consumers to work together to build better services. If you would like to know more about the survey please ask for an information sheet.

Completion of the questionnaire is voluntary.

All information collected in this questionnaire is anonymous. None of the information collected will be used to identify you. It would be helpful if you could answer all questions, but please leave any question blank if you don't want to answer it.

Please put a cross (X) in just one box for each question.

These questions ask 'how often' we did the following things ...

Thinking about the care you have received from this service within the last 3 months or less, what was your experience in the following areas:	Never	Rarely	Sometimes	Usually	Always	N/A
1. You felt welcome at this service	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
2. Staff showed respect for how you were feeling	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
3. You felt safe using this service	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
4. Your privacy was respected	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
5. Staff showed hopefulness for your future	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
6. Your individuality and values were respected (such as your culture, faith or gender identity, etc.)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
7. Staff made an effort to see you when you wanted	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
8. You had access to your treating doctor or psychiatrist when you needed	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
9. You believe that you would receive fair treatment if you made a complaint	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
10. Your opinions about the involvement of family or friends in your care were respected	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
11. The facilities and environment met your needs (such as cleanliness, private space, reception area, furniture, common areas, etc.)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	

These questions ask ‘how often’ we did the following things ...

Thinking about the care you have received from this service within the last 3 months or less, what was your experience in the following areas:	Never	Rarely	Sometimes	Usually	Always	N/A
12. You were listened to in all aspects of your care and treatment	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
13. Staff worked as a team in your care and treatment (for example, you got consistent information and didn't have to repeat yourself to different staff)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
14. Staff discussed the effects of your medication and other treatments with you	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
15. You had opportunities to discuss your progress with the staff caring for you	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
16. There were activities you could do that suited you	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
17. You had opportunities for your family and carers to be involved in your treatment and care if you wanted	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

These questions ask ‘how well’ we did the following things ...

Thinking about the care you have received from this service within the last 3 months or less, what was your experience in the following areas:	Poor	Fair	Good	Very Good	Excellent	N/A
18. Information given to you about this service (such as how the service works, which staff will be working with you, how to make a complaint, etc.)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
19. Explanation of your rights and responsibilities	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
20. Access to peer support (such as information about peer workers, referral to consumer programs, advocates, etc.)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
21. Development of a care plan with you that considered all of your needs (such as health, living situation, age, etc.)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
22. Convenience of the location for you (such as close to family and friends, transport, parking, community services you use, etc.)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	

As a result of your experience with the service in the last 3 months or less please rate the following:	Poor	Fair	Good	Very Good	Excellent
23. The effect the service had on your hopefulness for the future	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
24. The effect the service had on your ability to manage your day to day life	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
25. The effect the service had on your overall well-being	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
26. Overall, how would you rate your experience of care with this service in the last 3 months?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

These questions ask 'if' we did the following things ...

In the last 3 months, has the service advised you about the following:	Yes	No	Not Sure	N/A
27. Healthy eating and diet	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
28. Smoking (and/or vaping)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
29. Alcohol and drug use	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
30. Sexual health	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
31. Exercise and physical activity	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
32. Possible physical side effects of some medications (such as weight gain, diabetes or heart disease)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

33. My experience would have been better if ...

34. The best things about this service were ...

This information helps to show whether some groups of people are missing out on giving their feedback. It also shows if some groups of people have a better or worse experience than others. Knowing this helps to focus efforts to build better services. No information collected in this section will be used to identify you.

35. What is your gender?	<input type="checkbox"/> Male <input type="checkbox"/> Female <input type="checkbox"/> Non-Binary <input type="checkbox"/> I use a different term _____ <input type="checkbox"/> I prefer not to answer
36. What is the main language you speak at home?	<input type="checkbox"/> English <input type="checkbox"/> Other _____
37. Are you of Aboriginal or Torres Strait Island origin?	<input type="checkbox"/> No <input type="checkbox"/> Yes - Aboriginal <input type="checkbox"/> Yes - Torres Strait Islander <input type="checkbox"/> Yes - Aboriginal and Torres Strait Islander
38. What is your age?	<input type="checkbox"/> Under 18 years <input type="checkbox"/> 18 to 24 years <input type="checkbox"/> 25 to 34 years <input type="checkbox"/> 35 to 44 years <input type="checkbox"/> 45 to 54 years <input type="checkbox"/> 55 to 64 years <input type="checkbox"/> 65 to 74 years <input type="checkbox"/> 75 years and over
39. How long have you been receiving care from this service on this occasion?	<input type="checkbox"/> Less than 24 hours <input type="checkbox"/> 1 day to 2 weeks <input type="checkbox"/> 3 to 4 weeks <input type="checkbox"/> 1 to 3 months <input type="checkbox"/> 4 to 6 months <input type="checkbox"/> More than 6 months
40. At any point during the last 3 months were you receiving involuntary treatment (such as an involuntary patient or on a community treatment order) under Mental Health Legislation?	<input type="checkbox"/> Yes, involuntary patient/on a community treatment order <input type="checkbox"/> No, I was always a voluntary patient <input type="checkbox"/> Not sure
41. How do you describe your sexual orientation?	<input type="checkbox"/> Straight <input type="checkbox"/> Gay or lesbian <input type="checkbox"/> Bisexual <input type="checkbox"/> I use a different term _____ <input type="checkbox"/> Don't know <input type="checkbox"/> I prefer not to answer
42. How much of your care with this service was by phone or videoconferencing?	<input type="checkbox"/> None <input type="checkbox"/> A little <input type="checkbox"/> Some <input type="checkbox"/> Most <input type="checkbox"/> All
43. Did someone help you complete this survey?	<input type="checkbox"/> No <input type="checkbox"/> Yes - family or friend <input type="checkbox"/> Yes - language or cultural interpreter <input type="checkbox"/> Yes - consumer worker or peer worker <input type="checkbox"/> Yes - another staff member from the service <input type="checkbox"/> Yes - someone else

Thank you for your time and comments

Please place the completed questionnaire in the envelope provided and return by mail

Appendix 3 – Technical information

YES development and validation

The development, validation and psychometric properties of the YES questionnaire are described in detail at:

<https://www.amhocn.org/training-and-service-development/experience-measures>

Identification of NSW services

The YES questionnaire is anonymous and contains no identifying information. Therefore, in order to report on services, all services must be accurately identified on the YES questionnaire.

All NSW Mental Health Services are registered in a central database, the Mental Health Service Entity Register (MH-SER), and have a unique four-digit numerical code. This four digit code is used in YES reporting because (i) it can be more accurately scanned than a handwritten service name, and (ii) it allows data on YES questionnaire return rates or responses to be accurately compared to other data on the same service.

If service codes are missing or invalid, the response cannot be attributed to an individual LHD/SHN or service.

Services are provided with a monthly report showing the number of returns with missing service identifiers, and the details of any handwritten names. The rate of service identification error has declined when compared with previous years.

Analysis

Initial data manipulation for this report was conducted using SAS and statistical analyses were conducted using Stata SE v15. Missing, invalid or duplicate answers were recoded as null. YES returns with less than 12 of the first 22 questions completed were excluded from analysis. Overall scores and domain scores were constructed following the methods used in the national YES development.

The YES targets

The NSW targets have been set based on the best-performing 25 per cent of NSW mental health services. The overall experience target is that 80 per cent of consumers report an excellent or very good overall experience (75% for hospital consumers, 85% for community consumers).

For LHD/SHN performance reporting a lower tolerance limit is required. Based on the 25th percentile of service scores, the 'not performing' range is defined as below 70 per cent (65% for hospital services and 75% for community services).

Setting a YES target

A target for YES scores should have several properties. It should be clear and understandable to services and consumers. It should allow hospital and community results to be combined into a single LHD/SHN figure, without being biased by a different mix of hospital and community services in different LHDs. It should be consistent, not requiring separate targets for each LHD/SHN. It should be challenging but achievable, reflecting good performance but able to be achieved by some services.

Many consumer experience surveys use the 75th percentile of current performance as a target. This creates a target that can drive change and that is achievable. Compared to higher targets, it is less likely to be influenced by a small number of unrepresentative or unique services.

Domain targets

Different YES domains use different question types, leading to different distributions of scores. Therefore performance targets need to be set separately for different domains. The same methodology used to calculate the overall experience target was applied to the two rating scales (frequency and performance). The targets were calculated separately for hospital and community services.

Performance targets, by question type and domain

Question type	Domains	Overall 		Community 		Hospital 	
		Low	High	Low	High	Low	High
Overall	Experience index	<70%	>80%	<75%	>85%	<65%	>75%
Frequency scales	Individuality, Participation, Respect, Safety & fairness	<75%	>90%	<80%	>95%	<70%	>85%
Performance scales	Information & support, Impact	<50%	>65%	<55%	>70%	<45%	>60%

Appendix 4 – YES domains

Making a difference	
How the service contributed to outcomes for individuals. It includes social and emotional wellbeing and physical health.	
Q23	The effect the service had on your hopefulness for the future
Q24	The effect the service had on your ability to manage your day to day life
Q25	The effect the service had on your overall well-being
Q26	Overall, how would you rate your experience of care with this service in the last 3 months?
Information and support	
How the service works for the individual. It includes resources such as written information, a care plan, and access to peer support.	
Q18	Information given to you about this service
Q19	Explanation of your rights and responsibilities
Q20	Access to peer support
Q21	Development of a care plan with you that considered all of your needs
Individuality	
How the service meets individual's needs. It includes sensitivity to culture, gender and faith and the importance of personal values and beliefs.	
Q6	Your individuality and values were respected
Q16	There were activities you could do that suited you
Participation	
How the service provides opportunities for engagement, choice and involvement in the process of service delivery.	
Q8	You had access to your treating doctor or psychiatrist when you needed
Q10	Your opinions about the involvement of family or friends in your care were respected
Q13	Staff worked as a team in your care and treatment
Q14	Staff discussed the effects of your medication and other treatments with you
Q15	You had opportunities to discuss your progress with the staff caring for you
Q17	You had opportunities for your family and carers to be involved in your treatment and care if you wanted
Respect	
How the service provides the individual with a welcoming environment where they are recognised, valued and treated with dignity.	
Q1	You felt welcome at this service
Q2	Staff showed respect for how you were feeling
Q4	Your privacy was respected
Q5	Staff showed hopefulness for your future
Q7	Staff made an effort to see you when you wanted
Q12	You were listened to in all aspects of your care and treatment
Safety & fairness	
How the service provides individuals with a physically and emotionally safe environment.	
Q3	You felt safe using this service
Q9	You believe that you would receive fair treatment if you made a complaint
Q11	The facilities and environment met your needs

Note: Question 22 is not included in the Domain structure but does contribute to the overall score.

Note: Question 22 was removed from the domain structure but continues to contribute to the overall score.
