Purpose of this Manual

The purpose of this Delegation Manual is to clearly set out the levels of authority delegated to duly appointed office holders and staff of eHealth.

The underlying intention of this Delegation Manual is to clarify accountability and responsibility for the day-to-day operation of eHealth.

The Delegation Manual is separated into two parts.

- PART 1 details the delegations for eHealth's appointed office holders and staff; and
- PART 2 details the delegations that apply where eHealth NSW is as an entity undertaking goods and services procurement under Agency Accreditation (issued by the MOH) and can be found at the following link

http://procurementportal.moh.health.nsw.gov.au/PoliciesManuals/Policy/Pages/default.aspx

Principles of Delegation

- 1. This Delegations Manual has been compiled in order to:
 - a. Ensure that there is a set of clear and unambiguous directions in the matters of authorisations and quantification of expenditure, personnel matters and general business matters encountered by *eHealth* on a day-to-day basis; and
 - b. Facilitate compliance with relevant directions from the Minister, the Ministry of Health and Health Administration Corporation (the Corporation).
- 2. Delegated authority is subject to any overriding state or federal legislation.
- 3. Delegation of authority is considered, for the purposes of this manual, to be conferred by the Corporation in accordance with relevant state and federal legislation, manuals and policy directives.
- 4. The delegation of authority to a specified position is unique and may not be transferred or further delegated, **except** where, the absence of the person occupying the position to whom the delegation is made requires that the authority be exercised by the person acting in the position to which the authority is delegated. Where officers are acting or relieving in a position and exercise a delegation in this way, the officer should specify the position, and the 'acting' nature of their occupancy in that role.
- 5. The delegation of authority does not apply to contractors or agency staff. Contractors and agency staff cannot exercise financial or staff delegation of a position outlined in this manual against which they are held. Financial and staff delegations can only be exercised by appointed officers of eHealth NSW.
 - Delegates may apply more restrictive delegations to staff over which they have direct managerial control. A clear set of the revised delegations must be provided to the staff member in question where this occurs (see also point 15 regarding amendment of delegations).
- 6. Where this manual specifies a delegation to a position, the position to which they report is also deemed to have the delegated authority unless otherwise indicated.
- 7. Monetary amounts stated in this manual are the maximum delegated amounts in relation to the delegated function and <u>excludes GST</u>. They do not imply or confer authority to spend more than the business unit or organisation's uncommitted budget allocation.
- 8. No delegate may:
 - a. Approve self-related matters (e.g. authorise expenditure or expenditure reimbursement to themselves regardless of the amount, certify their own timesheets, authorise their own higher duty allowance, overtime or annual or long service leave);
 - b. Approve matters that are for an officer for whom the delegated officer

- has no responsibility unless the authority is otherwise specifically delegated for administrative purposes; and
- c. Split items or orders to bring them within any limit of their position's authorised delegation.
- 9. The authorising person for items outlined in clause 8, and other matters of a like nature, shall be a more senior member of staff.
- 10. Delegates are expected to exercise the powers, authorities, duties, or functions delegated to them in a responsible, efficient, consistent and cost-effective manner and in accordance with the NSW Health Code of Conduct. Whether a delegation should be exercised (or the matter referred to a higher authority) requires the exercise of discretion by the delegate.
- 11. In principle, all expenditure is to be approved on the basis of availability of funding within the budget allocation and the availability of funds within each cost centre account.
- 12. Delegates must consider any additional recurrent costs that will be incurred as a result of a purchase. In the case of non-current assets, delegates must consider the effect a purchase will have on the future operating costs and the availability of funding.
- 13. All delegates are required to exercise their delegations in observance of manuals and policy directives issued by the Ministry of Health.
- 14. The following Ministry of Health policy and procedure manuals are to be observed in the exercise of the delegations and in the day-to-day operations of the organisation:
 - Accounts and Audit Determination Manual (AAD)
 - Accounting Manual (AM) Public Health Organisations
 - Combined Delegations Manual (CDM)
 - Goods & Services Procurement Manual Policy
 - Leave Matters Manual (LM) Public Health Organisations
 - Protecting People and Property Manual (\$&\$)
- 15. Amendments, additions, and deletions to the Delegations Manual must be considered and approved by the HAC. Once endorsed, the change must be incorporated into the manual and any parties affected by the amendment formally notified.
- 16. All financial delegations are subject to ad hoc directions issued by the Ministry of Health including the Chief Financial Officer, NSW Health.
- 17. With the exception of sections 1.6 and 1.7 the eHealth Delegations Manual does not apply where eHealth and its staff are acting as agents under instructions from delegated staff of customer Health entities in line with the services provided under eHealth Service Catalogues.

PART 1 Structure of Delegations

The delegations detailed in this manual have been grouped under seven sections:

| Section 1 | Revenues & Expenditure |
|-----------|-----------------------------------|
| Section 2 | ICT |
| Section 3 | Property, Capital & Minor Works |
| Section 4 | Financial Delegations – General |
| Section 5 | Human Resources |
| Section 6 | Travel |
| Section 7 | Legal & Non-Financial Delegations |

Delegates have been classified according to levels of delegation as follows:

| Ministry of Health | |
|---|--|
| Chief Executive/Chief Information Officer | |
| Tier 2 Executive Director/Director | Persons occupying position one level below Chief Executive, managing specified business service portfolio. |
| Tier 3 Director/Manager | Persons occupying position one level below Tier 2 Executive Director/Director, managing specified business service portfolio |
| Tier 4 Manager | Persons occupying position one level below Tier 3 Director/Manager, managing specified business service portfolio |
| Tier 5 Manager | Persons occupying position one level below Tier 4 Manager, managing specified business portfolio |

Persons managing specified business portfolio are defined as persons having responsibility for delivering services on business portfolio basis, with management responsibility for a group of staff with organisational hierarchical structure. Contractors, agency staff, project and support officers do not fall into the definition of managing specified business portfolio.

Appendix 1 outlines eHealth Tiers 2 to 5 positions by Business Units.

1.2 Consultants

Definition:

For the purposes of this section, a consultant is a person or organisation engaged under contract on a temporary basis to provide recommendations or high level specialist or professional advice to assist decision-making by management. Generally it is the advisory nature of the work that differentiates a consultant from other contractors.

Notes:

- 1. There are special requirements and delegations for engaging consultants and reporting related expenditure as per Goods & Services Procurement Manual Policy.
- 2. Tender required for >\$250K
- 3. For exceptions, see Good & Services Procurement Manual Policy
- 4. Significant changes in work or cost are not to be approved by eHealth staff who directly supervise the consultant

1.6 Invite Tenders and enter into contracts except for the Whole of Government (WoG)Contracts

Where the item being purchased is not available from contracts arranged by NSW Procurement (Department of Finance & Services), the authority to invite tenders and enter into associated contracts or agreements is contained herein. These delegations (in sections 1.6 and 1.7) do not cover requisitions on behalf of approved clients (and reflect state-wide delegations reflecting Agency Accreditation under Individual Entity Contracts). This delegation is subject to appropriate delegations of authority to incur expenditure being obtained prior to inviting tenders and only applies to the eHealth operating and capital budget. Condition precedent is that funds are available as part of an approved budget.

The total value, excluding GST, applies to total value of the contract over the full contract term, the purchase cost including whole of life costs. Notes:

- 1. Full tendering action required for goods and services/works over \$250K
- 2. Contracts over 5 years are subject to prior approval of the CPO Ministry of Health

Power to vary contracts in ways which do not alter substantive provisions including additions, deletions to contracts – as per Goods and Services Procurement under Policy.
