

# PATIENT TRANSPORT SERVICE

## READY TO GO?

### Bathroom

The patient has been to the bathroom

### Medications

Medications are with the patient

### Refreshments

The patient has had something to eat or drink and has a snack if they are expected to be away during meal times

### Paperwork

Copies of medical documents, such as discharge summaries, resuscitation plans or referrals are printed and with the patient

### Escort

An appropriate staff member is ready to accompany the patient when required

### Handover

A staff member is available to do a patient handover to our crew

Help us keep the system moving by getting your patient ready for transport
