

## Hunter New England Local Health District

### This Report

This report provides Hunter New England Local Health District with data from the 2011 YourSay Workplace Survey. It summarises staff views and presents comparative data to help put the results into perspective.

### Response Rates

The Actual Responses gives the total number of valid surveys that were returned for this facility.

The Estimated Response Rate quoted in this report is an estimate only, based on Full Time Equivalent (FTE) staff as at 27 April 2011. This figure does not include contractors, agency staff and volunteers, nor does it account for staff on secondment or extended leave, hence the estimated response rate is not accurate.

The final estimated response rates have been weighted to account for our part-time and temporary staff.

The estimated response rates for individual facilities cannot be provided where the actual number of surveys received exceeded the nominated FTE for that facility. This error could be from an incorrect FTE value being used and/or errors in self selection when completing the survey.

### Confidence Intervals

Confidence intervals have been calculated on the total facility responses (within a 5% error rating). If the CI is less than 5% these responses are a representative sample of this facility population.

If the CI is greater than 5% these responses are a snapshot of the views of staff at this facility, as opposed to being a representative sample.

### Results

Where results are shown as positive percentages (% Positive), these are calculated by adding together positive responses ("Strongly Agree" + "Agree") and dividing by the number of respondents which answered the question.

Results are presented as whole numbers for ease of reading, with rounding performed at the last stage of calculation for maximum accuracy. Therefore in some instances, results may not total 100%.

Please see the Guide to using this report for further information

### Comparative data

Comparative data is the average % positive score achieved from all NSW Health organisations that participated in the 2011 Workplace Survey.

### Anonymity

It is ORC International's practice not to allow the breakdown of groups to the extent where the anonymity of individuals may be compromised. Results for teams with less than ten will not receive an individual report. However, their data will still contribute to the scores for their group and the organisation overall.

Summary responses for each question by demographic data is not provided where there are less than ten respondents from each demographic.

WORKPLACE CULTURE INDEX

# Employee Engagement Index

The Engagement Index is a measure of respondent's commitment to the organisation they work for. Engagement goes beyond satisfaction and can be defined as employees' willingness to invest their personal effort in the success of the organisation.

- The three elements of Employee Engagement
- Say** Strongly advocating the organisation
  - Stay** An emotional commitment to the organisation and a desire to stay
  - Strive** Providing sustained additional effort in line with organisational goals

The following six questions have been identified as being most aligned to Employee Engagement. The Engagement Index is an average of the following scores:

Question	Response Scale	Variance NSW Health Overall
41. Overall I am proud to be a part of this workplace	73% Positive, 18% Neutral, 9% Negative	+5
42. I would recommend my workplace as a good place to work	62% Positive, 22% Neutral, 16% Negative	+4
44. I have a strong sense of belonging to my workplace	63% Positive, 20% Neutral, 17% Negative	
45. Overall I am satisfied to be working here at the present time	67% Positive, 16% Neutral, 17% Negative	+3
3. Working here makes me want to do the best job I can	73% Positive, 16% Neutral, 12% Negative	+6
43. I feel motivated to contribute more than what is normally required at work	66% Positive, 19% Neutral, 15% Negative	+5

# Employee Workplace Culture Index

The Workplace Culture Index is a measure statistically constructed based on the NSW Health Workplace Culture Framework.

The following fifteen questions have been identified as being most aligned to Workplace Culture. The Workplace Culture Index is an average of the following scores:

	Key			Response Scale	Variance from NSW Health Overall
	% Positive response	% Neutral response	% Negative response		
11. Morale is good in my team	50	19	31		+4
12. I believe I am valued for what I can offer at my workplace	61	17	22		+3
13. In my workplace, we recognise our successes and innovations	57	22	21		+7
14. Staff are treated respectfully regardless of their job	60	18	23		+5
17. Overall, I have confidence in the decisions made by my line manager	62	19	20		+4
18b. The senior managers at my workplace have a clear direction for the future	40	33	27		+8
18c. The senior managers at my workplace lead by example in creating a positive workplace	40	28	32		+6
20. Overall, I have confidence in the decisions made by my senior managers	42	29	29		+6
22. I have a say in decisions which affect my work	48	22	30		+7
23. I think it is safe to speak up and challenge the way things are done	52	17	31		+6
24. Where I work, we share the lessons learnt when mistakes are made	57	23	20		+4
28. I have confidence in the processes that my workplace uses to resolve staff conflict	39	27	34		
38. My team's objectives/work plans are clearly outlined	63	22	16		+3
39. Our objectives/work plans help us to deliver a quality service	63	23	13		+3
46. Overall, I believe the culture at my workplace has improved in the last 12 months	35	35	30		+6

# Drivers of Engagement

A statistical technique known as Key Driver Analysis (KDA) has been used to help focus on those aspects of working for this organisation which have the greatest impact on Employee Engagement. The dashboard below shows the questions with the greatest impact on Employee Engagement for Hunter New England Local Health District overall. These questions are not necessarily the lowest performers, rather the questions having the greatest impact on engagement for Hunter New England Local Health District as a whole.

The questions derived from the KDA should be used to guide the action planning process following the survey, as taking effective action in these areas should have a positive impact on Employee Engagement. This information should also be used in conjunction with the rest of the questions included in the survey.

The questions are listed below in descending order of greatest impact on engagement.

Drivers of Employee Engagement	Impact (on Employee Engagement)	% Positive	NSW Health Overall % positive
12. I believe I am valued for what I can offer at my workplace	Greatest 	61	58
6. At my workplace I am able to positively influence the way we do things at work, including how we work with each other and how we behave		60	54
11. Morale is good in my team		50	46
13. In my workplace, we recognise our successes and innovations		57	50
36. My work environment allows me to deliver the best possible services (patient care or support services)		59	54
39. Our objectives/work plans help us to deliver a quality service		63	60

# Highlights and Lowlights

This section shows the three highest scoring sections and five highest scoring questions (Highlights). It also shows the three lowest scoring sections and the five lowest scoring questions (Lowlights).

## Highlights

Sections	% Positive
Training and Development Opportunities	72
Your Line Manager	61
Your Workplace	61

Questions	% Positive
26. I am given the opportunity to complete my annual mandatory training requirements e.g. Fire safety, DETECT (Between the Flags) as a part of my every day work	81
1. My job makes good use of my skills and abilities	80
25. I have received the appropriate training and development to do my job effectively	75
15d. My line manager treats me with respect	75
41. Overall I am proud to be a part of this workplace	73

## Lowlights

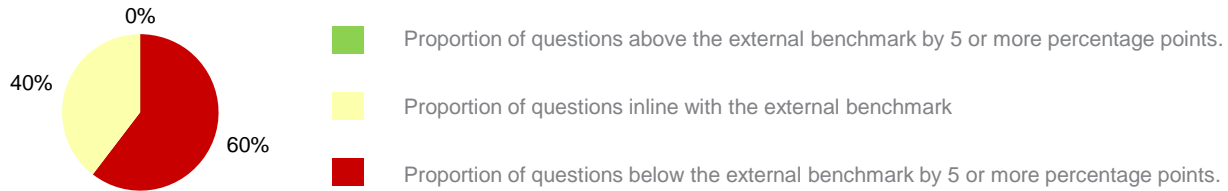

Sections	% Positive
Senior Managers	41
Communication	52
Work Environment	57

Questions	% Positive
4. Too many approvals are required for routine decisions*	17
40. At my workplace we are too focused on monitoring rather than delivering services*	32
46. Overall, I believe the culture at my workplace has improved in the last 12 months	35
19. There is a positive relationship between senior management and staff in my workplace	37
28. I have confidence in the processes that my workplace uses to resolve staff conflict	39

# External Comparison

This section shows comparisons between Hunter New England Local Health District and the Australian and International Health Sector comparisons. The comparative data has been drawn from random sampling of 1,065 Australian, 376 UK and 468 Canadian health care employees in both the public and private sectors.

Please see the Guide to using this report for further information

( r ) Where group has less than 10 respondents

**Note:** Questions 33, 34 and 35 below use a scale of Yes, No and Unsure. Questions 33 and 34 questions are negatively worded, therefore the positive score is taken as those who responded 'No', the negative score as those who responded 'Yes' and those who responded 'Unsure' are not included in score calculations. Question 35 is positively worded, therefore positive is 'Yes', negative is 'No'.

# Guide to using this report

## Methodology

The YourSay survey was delivered as an online and paper based survey to meet the operational needs of a workforce that operates 24 hours a day, 7 days a week.

## Questionnaire design

The questionnaire was designed by ORC International in conjunction with the NSW Health workplace culture project team, the Department of Health Workplace Culture Survey Reference Group and Chief Executives of all NSW Health organisations. The questionnaire was designed to be succinct and provide actionable results to help inform the organisation and highlight areas for improvement.

## Data collection

The survey used an online methodology with all staff invited to participate however, paper copies of the survey were distributed in all facilities by local survey champions.

All staff were given the opportunity to complete the survey between 2nd May – 3rd of June, 2011. Paper surveys were accepted until the 14th of June, 2011.

ORC International set up and hosted the online survey, with the survey link being provided through the NSW Health intranet. Each LHD and facility also posted a link on their respective websites that would redirect respondents to the NSW Health intranet.

Respondents were asked to put in a user name and password unique to them in order to enable the respondent to leave and return the survey.

## Estimated Response Rate Calculation

The Estimated Response Rate quoted in this report is an estimate only, based on Full Time Equivalent (FTE) staff as at 27 April 2011. This figure does not include contractors, agency staff and volunteers, nor does it account for staff on secondment or extended leave, hence the estimated response rate is not accurate.

The final estimated response rates have been weighted to account for our part-time and temporary staff. The proportion of Full time and Part time staff have been taken from those who responded to Q51. *Which of the following best describes your current employment status? A Part-time respondent has been weighted by 0.33 (i.e. they are assumed to work one in three days).*

### Example calculation for NSW Health Overall:

Q51. Which of the following best describes your current employment status?

Responses		Fixed term or temporary contract (3) proportioned into Full and Part time based on responses to (1) and (2).
Permanent Full time (1)	18750	$\frac{18750}{18750 + 7753} \times 1661 = 1175$ Full time
Permanent Part time (2)	7753	
Fixed term or temporary contract (3)	1661	$\frac{7753}{18750 + 7753} \times 1661 = 486$ Part time
Agency (4)	132	
Casual (5)	975	
Contractor (6)	203	
TOTAL answering Q51	29474	
TOTAL number of respondents to the survey	31493	

Total estimated Full time responses as a proportion of all respondents to the survey:

$$\frac{1850 + 1175}{29474} \times 31493 = 21290 \text{ Estimated Full Time responses}$$

Total estimated Part time responses as a proportion of all respondents to the survey:

$$\frac{7753 + 486}{29474} \times 31493 = 8803 \text{ Estimated Part Time responses}$$

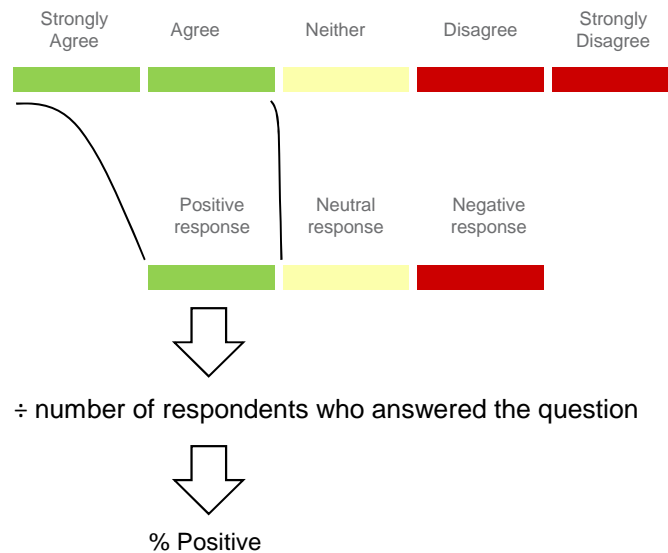

Estimated response rate based on an FTE value of 94882.6 and weighting estimated number of Part time responses by 0.33.

$$\frac{21289 + (8803 \times 0.33)}{94882.6} = 25\% \text{ Estimated Response Rate}$$

# Guide to using this report

## % Positive

Where results are shown as positive percentages (% Positive), these are calculated by adding together positive responses ("Strongly Agree" + "Agree") and dividing by the number of respondents which answered the question.

## Index and Section Scores

Index and Section scores are calculated as the sum of positive responses given to all questions in that Index or Section divided by the number of answers to all questions in the group.

## Rounding

Results are presented as whole numbers for ease of reading, with rounding performed at the last stage of calculation for maximum accuracy. Values from x.00 to x.49 are rounded down and values from x.50 to x.99 are rounded up. Therefore in some instances, results may not total 100%.

	Strongly Agree	Agree	Neither	Disagree	Strongly Disagree	Total
Number of Responses	151	166	176	96	24	613
Percentage	24.63%	27.08%	28.71%	15.66%	3.92%	100.00%
Rounded Percentage	25%	27%	29%	16%	4%	101%
Number of positive responses	(151	+	166)	=	317	
% Positive	317	÷	613	=	52%	

## Scoring of Negatively Worded Questions

Questions marked with a \* were negatively worded in the survey questionnaire. In reporting the survey results the positive score is taken as those who responded with "strongly disagree" or "disagree", the negative score as "strongly agree" or "agree". In the 2011 survey this applied to questions 4 and 40. Questions 33 and 34 were also negatively worded, therefore the positive score is taken as those who responded "No", and the negative score as those who responded "yes".

## Benchmark data

ORC International facilitates a benchmarking programme which allows organisations to benchmark their results against the results of other organisations in their sector. In this report, the external benchmark data is the average % positive score achieved from recent surveys of all other Australian and International Health Sector organisations.
